

OSS Discovery Contributor Agreement

This Agreement applies to any source code, object code, patch, tool, sample, graphic, specification, manual, documentation, or any other material ("Contribution") posted, submitted or contributed by you ("You" or "Your") to a product or project ("Project") owned or managed by OpenLogic, Inc. ("Us" or "We" or "Our"), and sets out the intellectual property rights You grant to Us in that Contribution. If the Contribution is on behalf of a company or other organization, the term "You" will also mean that company or organization.

Please read this Agreement carefully. By signing this agreement, or by posting, submitting or contributing a Contribution to Us, You agree to be bound by this Agreement.

1. Except as set out in this Agreement, You keep all rights in the Contribution. The rights that You grant Us under this Agreement are effective on the date you first submitted a Contribution to Us, even if Your submission took place before the date You first agreed to this Agreement.
2. With respect to any copyrights in the Contribution (whether or not registered):
 - You hereby assign to Us joint ownership in those copyrights, and to the extent that such assignment is or becomes invalid, ineffective or unenforceable, You hereby grant to Us a perpetual, irrevocable, non-exclusive, worldwide, no-charge, royalty-free, unrestricted license to exercise all rights under those copyrights, including the right to sublicense these same rights to third parties through multiple levels of sublicensees or other licensing arrangements;
 - You agree that each of Us can do all things in relation to the Contribution as if each of Us were the sole owners the Contribution, and if one of Us makes a derivative work of the Contribution, the one who makes the derivative work will be the sole owner of that derivative work;
 - You agree that We may register a copyright in the contribution and exercise all ownership rights associated with it; and
 - You agree that neither You nor Us has any duty to consult with, obtain the consent of, pay or render an accounting to the other for any use or distribution of the Contribution.
3. With respect to any patents in the Contribution that You own, or that You have the right to license without payment to any third party, You hereby grant to Us a perpetual, irrevocable, non-exclusive, worldwide, no-charge, royalty-free license to:
 - make, have made, use, sell, offer to sell, import, and otherwise transfer the Contribution in whole or in part, alone or in combination with or included in any product, work or materials arising out of the Project to which the Contribution was submitted, and
 - sublicense these same rights to third parties, including through multiple levels of sublicensees or other licensing arrangements.
4. You represent and warrant that:
 - the Contribution is an original work and that You can legally grant Us the rights set out in this Agreement;
 - the Contribution does not infringe any third party's copyrights, trademarks, patents, or other intellectual property rights; and
 - if You are entering into this Agreement on behalf of a Company, You are authorized to enter into this Agreement on behalf of that Company.
5. You will not assert any moral rights in the Contribution against Us, our licensees or transferees.
6. This Agreement will be governed by the laws of the State of Colorado and applicable U.S. Federal law. Any choice of law rules will not apply.
